II.1.1) Title:

Supply of equipment for Development Agency of Serbia

II.1.4) Short description of the contract

Development Agency of Serbia (RAS) and Ministry of Economy (MoE) have been awarded direct grant from IPA 2019 Programme, “IPA 2019 – Direct Grant to the Development Agency of Serbia – Scaled up and technologically improved production capacity solutions among micro and small enterprises and entrepreneurs” in 2021. The duration of implementation of Action (i.e. grant) is foreseen to be 48 months.

Purpose of the Action is to provide scaling up of very successful national program Programme for purchase of equipment (PEP), which has been implemented in partnership with commercial banks and leasing companies for several previous years. Action will enable more favourable financing terms for SME investment loans, in terms of lower interest rates offered by the banks and elimination of hard collateral (i.e. mortgage), as requested collateral. Hence, it will support recovery of investments in SME sector after COVID-19 slow-down of the project. Through providing financial support for purchasing of new equipment, the Serbian SMEs will expand and technologically improve production capacity which would lead to an increase in competitiveness of Serbian SMEs and consequently economy as whole.

The purpose of this contract is purchase of ICT equipment (hardware and communication equipment with supporting software) for Development Agency of Serbia (RAS) and Ministry of Economy (MoE). This equipment shall contribute to more efficient and smooth implementation of PEP programme, and ultimately to fulfillment of Action goals.
