Why Invest in Serbia

Development Agency of Serbia
The business environment is stable, and it offers transparent market conditions, which creates a good starting point for our business growth in a long run.

Marco Aspesi, VP Corporate Transformation at SR Technics Group

---

I have been nothing but impressed by Serbia - a hidden gem to the business world.

Jeff McCroskey, VP Services, Europe, NCR

---

Serbia has continued its path toward EU membership: EU negotiation process officially started, ready for accession by 2020.

Serbia has regained its position as the top investment destination country in the world, measured by the number of jobs relative to the size of the population.*

*According to IBM Global Location Trends 2014 report, IBM Institute for Business Value

Serbia is the only country outside of the Commonwealth of Independent States that has a Free Trade Agreement with Russian Federation.

On WB Doing Business List, Serbia moved up by 44 places over the past 2 years, and is now ranked 47th globally.

Serbia has taken important steps to implement the reforms necessary for attracting foreign and domestic investors. We are pleased to be further strengthening the investment climate and enhancing governance. Given Serbia’s strong potential, such positive changes in what is the largest economy in the Western Balkans will have a wider impact throughout the region.

Sir Suma Chakrabarti, EBRD President (2015)

* RAS database includes almost 400 foreign investment projects and tracks all investment types in the manufacturing and service sector, excluding portfolio investments. Data are based on the research that was done according to the country of origin of the investor company.
Why Invest in Serbia?

"The attractiveness of the location, logistics advantages, availability of skilled workforce, and a very good support of the Government of the Republic of Serbia and the local community are the main reasons why the Bosch Group decided to invest in the municipality of Pecinci and the Republic of Serbia."

Mrs. Jovanka Jovanovic, General Manager of Robert Bosch Serbia

"We saw Serbia as a country with good strategic position, adequate infrastructure and great human resource potential. Being at a unique position in the European market, Serbia offers diverse possibilities and, above all, high quality workmanship."

Mrs. Silvia Vernetti - Blina, Director FCA Serbia

Over the past 4 years Serbia took steps to further improve political and economic stability. In order to reverse the Serbia’s trend of economic growth driven by import and consumption, and put the country on a dynamic and sustainable growth path, led by investments and exports, it was necessary to carry out economic reforms consisting of macroeconomic stabilization and improving the business climate.

Since 2014, the Government of the Republic of Serbia has taken steps towards reducing the government debt, including greater fiscal responsibility, reform of the public administration, reform of the state-owned enterprises and an overall increase of the productivity in the public sector.

3 Customs Free Access to 1.1bn Consumers

The existence of educated and skilled workforce, incentives to investors, and the free trade agreements with the Russian Federation and Turkey, as well as developed infrastructure and favorable geographical position were the key factors for Grundfos investment to Serbia.

Jim Toft Nielsen, General Manager, Grundfos Serbia

5 Financial Benefits and Incentives

Cash Grants
To offset initial capital investments and ease the start-up of business endeavors, the Government of Serbia offers financial support for Greenfield and Brownfield projects in manufacturing, and the services sector which may be subject to international trade.

Construction Land Transfer Subsidy
Government or the local municipality can sell construction land at a price which is lower than the market price in support of an investment project that is of national importance (if the land is owned by the government) or an investment projects that promotes local economic development (if the land is owned by the local municipality).

Corporate Income Tax Relief
A 10-year Corporate Profit Tax Holiday is available for investors who hire more than 100 employees and invest more than 8.5 million euros (1 billion RSD). Tax holiday begins once the company starts making a profit.

Payroll Tax Incentives
Employment of people who were registered with the National Unemployment Agency for more than 6 months entitles employers to a sizable relief of taxes paid on net salary from the moment of employment until December 31, 2017:
- 1-9 new jobs: 65% reduction
- 10-99 new jobs: 70% reduction
- 100+ new jobs: 75% reduction
(payroll tax incentives can’t be combined with Financial Incentives)

Double Taxation Avoidance
Republic of Serbia has 54 effective double taxation agreements in place that cover income, capital and property. In addition to having double taxation agreements in place with most European countries, Serbia has double taxation treaties in place with many countries in Asia and Africa.

The Serbian government has also moved ahead with an ambitious economic and structural reform agenda which will contribute to a more attractive business environment: restoring growth, improving competitiveness and creating new jobs.

Mr. Johannes Hahn, European Commissioner for European Neighborhood Policy and Enlargement Negotiations

Serbia offers an ideal base for business activities throughout eastern Europe. A strong argument for investing in Serbia is also the access to highly qualified employees, and thus the ability to produce and develop products of the highest quality economically.

Dr. Ronald Seeliger, CEO, STada/Hemofarm

The existing infrastructure, speed of issuance of building permits, administrative procedures and existing transport corridors and logistics, provide solid and stable business environment, similar to the business environment in the EU.

Mr. Zivko Topalovic, CEO, ContiTech Fluid Serbia (Continental AG)

The IMF Delegation was satisfied with the progress Serbia had made in macroeconomic stability and fiscal consolidation. The economic recovery continues to take hold, supported by strong policies and improved confidence.

Mr. James Roaf, Head of the IMF Mission to Serbia (2015)

Wide availability of highly qualified staff in Serbia is the core of our success. Only through their commitment it is possible to survive in a market environment despite increasing difficulties, to develop new markets, to increase efficiency and take position for future challenges.

Hubert Forster, Muhlbauer Technologies

BPE Belgrade employs local workforce in all segments of operation, not only in the production process. We have created one of the world’s best teams in the industry; our employees now take on central functions, provide support to the head office, as well as to other factories in the group worldwide.

Mr. David Banjai, Former Ball Packaging Europe Belgrade General Manager
Development Agency of Serbia (RAS) offers a wide range of services on behalf of the Government of the Republic of Serbia, including support of direct investments and export promotion, and leads the implementation of projects with the aim of improving Serbia’s competitiveness and reputation in order to support the economic and regional development.

As a newly established agency, RAS builds upon the knowledge of the former Serbia Investment and Export Promotion Agency (SIEPA) and National Agency for Regional Development (NARD) and brings improvements required to meet the needs of a modern economy.

RAS will serve as a one-stop-shop for both domestic and international companies with a single goal of building a strong and sustainable economy, and increasing the quality of life for the people in Serbia.
