buyer & supplier

europaean matchmaking day

Meet new potential business contacts In the automotive sector. Expand your customer base and strengthen your supply chain.

The network of the Saarland automotive industry, **automotive.saarland**, and the local **Enterprise Europe Network** (EEN) are organizing this cross-border matchmaking event focusing on bringing together buyers and suppliers of the automotive branch. The event is carried out in cooperation with the German Association for Materials Management, Purchasing and Logistics (**BME**). We are glad about the support of **Pôle Automobile Européen** (PAE), a cooperation between the automotive clusters of the greater region.

The event is addressed to all players from the automotive supply chain such as OEMs, car producers, suppliers from Tier 1 to 4, service providers or research institutes and covers all fields of automotive activity.

Join us online on November 30th and December 1st 2020.

Register with a profile at <https://automotive-buyer-supplier-day-2020.b2match.io/> and find new business partners in pre-booked online meetings (20 minutes).

Find additional information on the website or contact us for further requests.
